In connection with the acquisition, the party subject to the transaction reporting requirement personally invested an amount of EUR 1,000.00, which was converted into 59.809 no par value shares of the issuer ('investment shares'). The conversion rate was determined on the basis of the lowest price quoted for the issuer's share by an official German stock exchange on November 16, 2021 and at which price shares were actually traded. In this case, the conversion price was EUR 16.72. In addition to the investment shares, the party subject to the transaction reporting requirement also received 29.904 no par value shares from the issuer in the form of bonus shares. Both the investment shares and the bonus shares are subject to a lock-up until midnight on November 17, 2025.
