Unqualified Auditor's Report on Statutory Audits of Annual Financial Statements

[Independent] Auditor's/Auditor's Report

We have audited the annual financial statements, comprising the balance sheet and the income statement, together with the bookkeeping system of the DeTeMedien, Deutsche Telekom Medien GmbH for the business year from January 1 2011 to December 31, 2011. The maintenance of the books and records and the preparation of the annual financial statements report in accordance with German commercial law are the responsibility of the Company's management. They comply with Section 264 (3) HGB, taking advantage of the respective relief provisions (no notes and no management report were prepared). Our responsibility is to express an opinion on the annual financial statements, together with the bookkeeping system, based on our audit.

We conducted our audit of the annual financial statements in accordance with § 317 HGB ("Handelsgesetzbuch": "German Commercial Code") and German generally accepted standards for the audit of financial statements promulgated by the Institut der Wirtschaftsprüfer (Institute of Public Auditors in Germany) (IDW). Those standards require that we plan and perform the audit such that misstatements materially affecting the presentation of the net assets, financial position and results of operations in the annual financial statements in accordance with (German) principles of proper accounting are detected with reasonable assurance. Knowledge of the business activities and the economic and legal environment of the Company and expectations as to possible misstatements are taken into account in the determination of audit procedures. The effectiveness of the accounting-related internal control system and the evidence supporting the disclosures in the books and records and the annual financial statements are examined primarily on a test basis within the framework of the audit. The audit includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the annual financial statements. We believe that our audit provides a reasonable basis for our opinion.

Our audit has not led to any reservations.

In our opinion, based on the findings of our audit, the annual financial statements comply with the legal requirements and give a true and fair view of the net assets, financial position and results of operations of the Company in accordance with (German) principles of proper accounting.

At the end of our audit, it was impossible to determine with certainty whether the Company was entitled to apply the exemption rule set forth in Section 264 (3) HGB (exemption from the duty to prepare a management report) as the requirements set forth in No. 3 (inclusion in the consolidated financial statements of the parent company) and No. 4 (indication of the exemption in the notes to the consolidated financial statements prepared and disclosed by the parent company and notification about the exemption in the electronic Federal Gazette) can, by their very nature, be fulfilled only at a later date.
