

Deutsche Telekom
**Company
presentation**

2025

Disclaimer

This presentation contains forward-looking statements that reflect the current views of Deutsche Telekom management with respect to future events. These forward-looking statements include statements with regard to the expected development of revenue, earnings, profits from operations, depreciation and amortization, cash flows, and personnel-related measures. You should consider them with caution. Such statements are subject to risks and uncertainties, most of which are difficult to predict and are generally beyond Deutsche Telekom's control. Among the factors that might influence our ability to achieve our objectives are the progress of our workforce reduction initiative and other cost-saving measures, and the impact of other significant strategic, labor or business initiatives, including acquisitions, dispositions and business combinations, and our network upgrade and expansion initiatives. In addition, stronger than expected competition, technological change, legal proceedings, and regulatory developments, among other factors, may have a material adverse effect on our costs and revenue development. Further, the economic downturn in our markets, and changes in interest and currency exchange rates, may also have an impact on our business development and the availability of financing on favorable conditions. Changes to our expectations concerning future cash flows may lead to impairment write downs of assets carried at historical cost, which may materially affect our results at the group and operating segment levels.

If these or other risks and uncertainties materialize, or if the assumptions underlying any of these statements prove incorrect, our actual performance may materially differ from the performance expressed or implied by forward-looking statements. We can offer no assurance that our estimates or expectations will be achieved. Without prejudice to existing obligations under capital market law, we do not assume any obligation to update forward-looking statements to take new information or future events into account or otherwise.

In addition to figures prepared in accordance with IFRS, Deutsche Telekom also presents alternative performance measures, including, among others, EBITDA, EBITDA margin, adjusted EBITDA, adjusted EBITDA after leases, adjusted EBITDA margin, adjusted Core EBITDA, adjusted EBIT, adjusted net income, free cash flow, free cash flow after leases, gross debt, net debt after leases, and net debt. These alternative performance measures should be considered in addition to, but not as a substitute for, the information prepared in accordance with IFRS. Alternative performance measures are not subject to IFRS or any other generally accepted accounting principles. Other companies may define these terms in different ways.

We take responsibility

Corporate Responsibility

Sustainability

Environmental and climate protection

e.g., CO₂ reduction, efficient use of resources, circular economy, sustainable mobility

Groundbreaking projects

Group-wide climate protection target:

100% of Group's electricity from renewable energy sources since 2021. **Net zero:** In own operations by 2025/entire value chain by 2040

Sustainable innovations and products

e.g., environmentally friendly and accessible products, efficient data center, e-health

#GoodMagenta & #GreenMagenta:

Own labeling for Group's sustainable products, services and social initiatives (TÜV validated).

Sustainable supplier management

e.g., binding requirements for the supply chain, reviews and audits

Supplier selection and development:

Sustainability as a key criterion

Strategic management, governance, stakeholder management and sustainable finance

e.g., mandatory CR policies, KPIs for the entire Group in the annual and CR reports, sustainability indexes

Success in respected rating indexes and rankings:

S&P CSA, oekom, CDP, MSCI and Sustainalytics, among others

#GREEN MAGENTA

We take responsibility

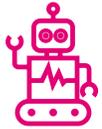

Corporate Responsibility

Social commitment

Digital Participation

Connection of media and democratic literacy

Digital Responsibility

Impact of Digitization: minimizing risks, optimizing opportunities

Digital Education

Offers for internet connections and equipment of schools.

Deutsche Telekom Stiftung

Enabler for education ecosystem for mathematics, science and technology

Groundbreaking projects

“Media, sure! But secure.”:

Offers for Competent Media Use (TeachToday), #AgainstHatespeech

AI-Guidelines

Guidelines for the ethical and ecological use of artificial intelligence (AI)

Telekom@School

Subsidized internet access for all general and vocational schools throughout Germany

Educational foundation

projects for young people aged 10-16, e.g. “Yes I can!” project promoting media literacy

**#GOOD
MAGENTA**

We take responsibility

Corporate Responsibility

Diversity, Equality and Inclusion

Leading role in societal and diversity-related issues

- Pioneer as first to introduce Group-wide women's quota
- Special programs & initiatives to promote education & training
- Modern working models

Profile

Strategy & Transformation

Network, Products & Innovation

Service & Brand

We won't stop until everyone is connected.

It is in our nature to seek the company of others: humans need this interaction in order to move forward. Sharing fosters closeness. It is the very reason we choose to share our important moments with those important to us.

We share events, experiences, and opinions – sometimes even our possessions. We share knowledge and our ideas. And quite often, by sharing these thoughts, we turn them into something bigger, something better. That is what drives us.

We, Deutsche Telekom, are more than just another company, which provides society with infrastructure. Whatever the circumstances, we are a trusted companion in both people's private and work lives. Whenever. Wherever. Forever making life easier for people and enriching it is our mission.

Our network is an artery pumping life: fast, reliable, and secure. It provides easy access to all who need it.

We are close to the consumer and are transparent, fair, and open to dialogue. We identify innovative products at an early stage and develop them in collaboration with our partners. We do all of this better than anyone else. This ability forms the basis of trust – an essential ingredient for long-lasting relationships.

Precisely this is the essence of our work at Deutsche Telekom. Together, with passion, focus and sustainability, we are entering a world of infinite possibilities for each and every one of us. It is our contribution to social togetherness.

This connects us.

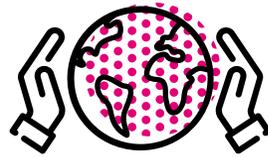

Our guiding principles

Delight our customers

Get things done

Act with respect & integrity

Team Together – Team apart

I am T – Count on me

Stay curious & grow

We are responsive

03 Network, Products & Innovation

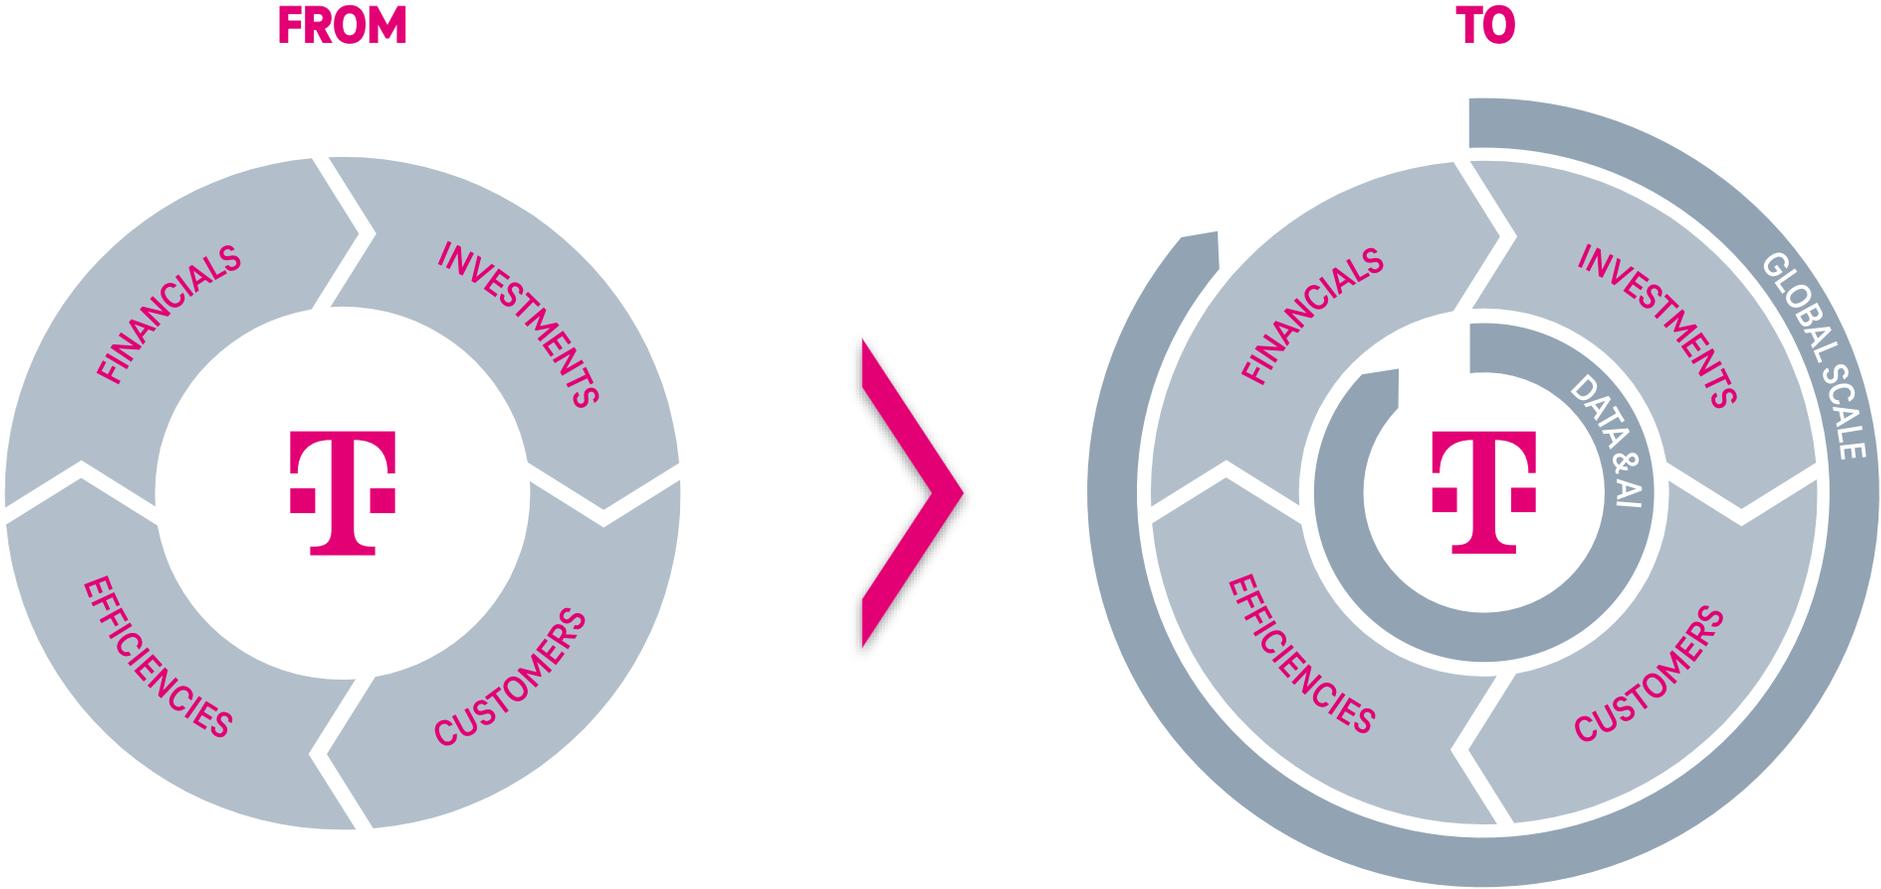

04 Service & Brand

Multi award-winner:

Our best network (Germany)

5G

~96,500

5G antennas

FIBER

800,000 km

fiber-optic cables

Our best network at a glance

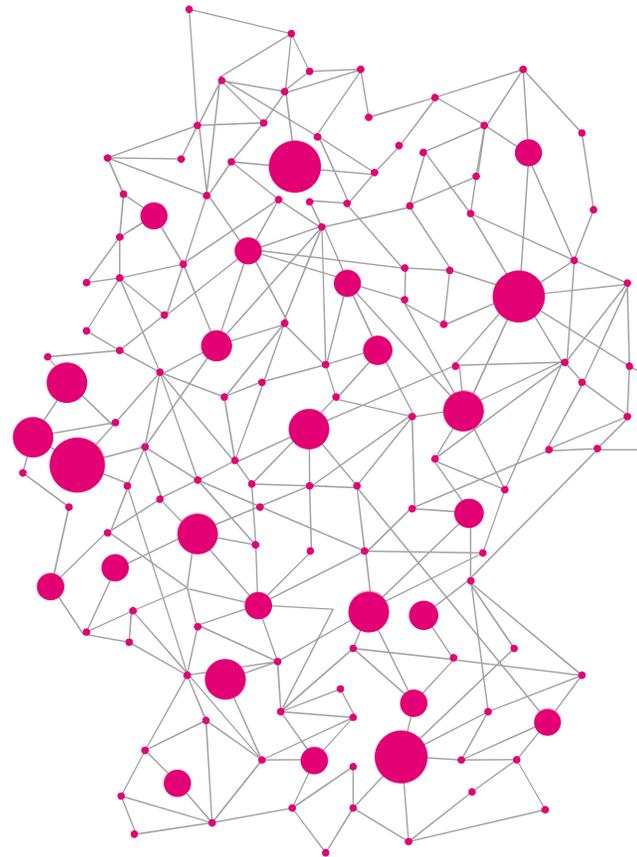

Germany

Fixed network

>800,000 km
fiber-optic cables (end of 2024)

Fiber access available for
10 million households
(end of 2024)

> 36 million households
Tariff up to 100 Mbit or more (Q3/2024)

Mobile network

96 500 5G antennas
(Q3/2024)

98% 5G network coverage
(End of 2024)

99.7%
LTE coverage of population
(Q3/2024)

Our best network at a glance

Prizes and awards

**Best network coverage, bandwidth, and stability.
Both fixed and mobile.**

- Broadband quality leader in mobile and fixed networks
- Innovative products
- High bandwidths and state-of-the-art technology
- Excellent network coverage

Repeatedly awarded

The network of the future is setting the courset

Our network expansion

The fiber optic and mobile networks in Germany require further expansion and construction.

Bandwidth

The **number of broadband lines** is continuing to **rise**. New applications need **faster connections** and a **bigger volume of data**.

Network coverage

Complexity is spiraling – it's not all just about bandwidth anymore. Fiber optics, vectoring, 5G and hybrid is the **sought-after technology mix** to meet the need for **widespread network coverage**.

User experience

Virtual and augmented reality are **creating new user experiences**; self-driving vehicles are just one example. As **VR applications** require five times the bandwidth of HDTV, the **burden on networks** will continue to grow significantly.

Devices

The demand for broadband is booming due to the continual growth of **networked devices** and wearables. **Permanent internet connectivity** is posing whole **new challenges** for global networks.

Latency

Low latency will be essential for tomorrow's **network**, for example for self-driving cars or gaming. **Round trip delay** must be **minimized in the mobile network** to enable “real-time communication,” for example through 5G.

Products for our
Consumers

MagentaEINS

MagentaTV

**Magenta
SmartHome**

Products and services for consumers

Products and services for consumers

We offer products and services that are innovative, safe, and simple too.

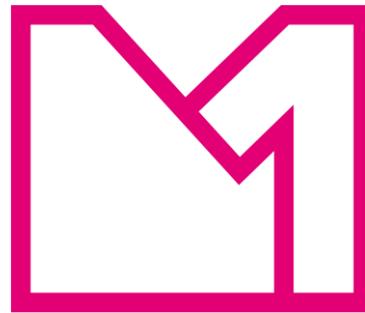

MagentaMobil

For all those who are family. For roommates and friends. For close and distant relatives – no matter where they live. You can book a suitable additional card for everyone.

The more you are, the cheaper it gets!

And mobile customers receive

1 hour of unlimited data volume in the latest generation of mobile communications.

MagentaEINS

If you combine a fixed network including Internet and mobile communications, you will receive attractive benefits, such as the new Mobile Happy Hour or unlimited data volume.

MagentaTV

More for everyone – entertainment for the whole family: More television, more streaming services and partners, more series and movies. More top-class sport. For at home and on the go.

(as at: Q3 2024)

Magenta Mobil – for everyone who is a family

The more, the cheaper

Integrative & convergent!
Family & Conficents

Inexpensive MagentaMobil offers for everyone who is a family.

Uncomplicated & smart!
Simplicity

With our tariffs, we offer a simple and smart offer for everyone.

The more, the cheaper
Average Price

With each additional card, the average price for everyone decreases. All Plus cards have the same data volume as the main card.

Mobile Happy Hour

Mobile Happy Hour

Our MagentaMobil customers can surf the web for 1 hour per day without restrictions. Customers with MagentaTV on the landline even get 2 hours a day.

(as at: Q3 2024)

Mobile and fixed network incl. internet

Magenta EINS – A one-stop shop

Better price

- Save € 5 per month

Better performance

- At least 1 hour of unlimited surfing every day with Mobile Happy Hour, also for Plus cards
- Unlimited data volume with Magenta Mobil L – also for Plus cards
- Flat rate calls from landlines to all German mobile networks
- MagentaEINS Prepaid: 1 GB data volume on top every month

(as at: Q3 2024)

Welcome to future TV

With MagentaTV, our customers can watch their favorite shows whenever they want, even on the go.

-  **Time-independent television** through restart, 7-day replay, timeshift and recording.
-  **Huge range of shows** on more than 180 TV networks, more than 160 of which are in HD*.
-  **MagentaTV+** – Unique content included in MagentaTV. Originals and exclusives; the best of ARD & ZDF, top international series and movies, plus highlights for kids and teens.
-  **Best partner content** with access to streaming services such as RTL+, Netflix, AppleTV+, Amazon, Disney, Sky, WOW and Videoload as well as video and media libraries.
-  More **flexibility**: Stream exclusive series and movies in HD anywhere and anytime with MagentaTV*: Not only on Deutsche Telekom hardware, but also on tablets, smartphones, smart TVs, Chromecast, FireTV and AppleTV**.
-  **Intuitive operation** and everything at a glance
-  **MagentaTV One** – Enjoy an outstanding TV experience with MagentaTV and MagentaTV One. Easy installation. Flexible via LAN or WLAN, independent of the Internet provider

With **DIGITAL X** we are making **Digitization tangible**

DIGITAL X is Europe's leading cross-industry digitization initiative. With its ambition to drive digital transformation in business, politics and society, Deutsche Telekom brings together corporations, SMEs, start-ups, politicians, visionaries and leading experts in an overarching community. **With the declared goal: to create tangible impetus for Europe's digital agenda and to take action together. For sustainable digitalization and strengthened competitiveness.**

The success story of the DIGITAL X

„How can digitization advance companies and how do we support them in doing so?" This question gave the impetus to launch the initiative in 2017. Whether you are a digitization beginner or a professional, a start-up or a DAX corporation, best practice sharing or expert discussion, there is still one motive that unites all guests, partners and speakers at DIGITAL X: Networking, exchanging, learning from each other – tackling digitization together.

We drive **digitization** and seize our **initiative**

DIGITAL EDUCATION

The **commitment for schools** has a long tradition at Telekom. Our approach is: We digitize Education in Germany until everybody **#TAKESPART**

TECHBOOST

We've got startups' backs – with powerful technology and the benefits of a partnership that opens the doors to Germany's business customers.

SCHUBKRAFT

We give **orientation in the funding landscape** – for the development of future technologies so Germany emerges stronger from the crisis.

#DeinMeinBusiness

Our claim: The beste sales & service

Cross-channel, digital and personal

Reliable service partner for private and business customers

- Around 25,000 people provide around 80 million personal customer contacts in the year for the best customer experience
- We **advise, sell, install** and **troubleshoot**
- We **support** our customers on the phone and in the shop – personally and competently
- We develop and sell **tailor-made** ICT solutions from a single source
- We are a **leader in service** – confirmed by independent tests by Connect, CHIP, etc.

Onlinechannels Our digital service

- **Digital touchpoints** (e.g. messaging, social media) offer seamless service contact
- **Omni-channel services** through shops, outbound and field service
- Europe's largest service community with "**Customers help customers**" and "**Telekom Helps**"

Telekom Shops Showcase for private and business customers

- Excellent consulting quality and **first-class service experience** in 1,000 shops
- Consulting and marketing of **innovative products** and frequency products as well as **partner offers**
- **State-of-the-art sales support** in an excellent and sustainable shop design
- As hosts, we use personal services to make the **customer experience** more attractive and easier

(as at: Q3 2024)

Leading in the sector

Our range of customer service options

Dialog and service quality across digital contact channels

- As a communications provider, we offer the **best overall tracking** across all sectors and keep our customers satisfied through **digital contact channels** such as Facebook, Twitter, messaging, video chats, or online communities
- We are the only provider to be strongly positioned across **all digital channels and touchpoints** compared with direct competitors
- Our **digital service offerings** received **1st place** in the chip test in all four business segments: Mobile Communications, DSL & Fixed Network, Hosting and TV/VoD Provider

Ask Magenta ChatBot

- Our **chatbot Ask Magenta** is the best in the industry and won **1st place** for the 6th time in a row in the test series "**Computer Bild**" and "**ServiceAtlas**" and **was rated "very good" in all five categories**

Digital offers for our customers

Our range of customer service options

My Telekom technician

- We tell the customer when the service technician will be on site
- The customer can postpone appointments using the online service
- Live service technician status
- The online service offers a direct channel for customer feedback

Appointment Scheduling Service

- Our customers can conveniently arrange for a postponement in the deployment process via self-service
- The customer automatically receives a confirmation of his new appointment by SMS or e-mail

Chatbots

- Our digital service assistants answer customer queries quickly, simply, and around the clock
- Accessible via browser, in the MeinMagenta app or via WhatsApp

Callback service

- Our Deutsche Telekom customers don't have to wait on the line; we call them back
- Customers can be put through to the same consultant again

Telekom Think Tank

We develop and improve our services, products and processes together with our community. To this end, we conduct surveys and workshops with private and business customers as well as non-customers.

Focus on Customers and Partners

Private Customers, Business Customers, Wholesale

As a pioneer of digitalization, we offer our customers an individual service and product portfolio.

Private Customers

We **inspire** our customers with **individual offers** in the **best network**. With **high-performance tariffs** and **innovative products** from the fixed network, mobile communications and TV.

Business Customers

We are market leaders because our customers trust our **quality, performance and safety**. We offer **tailor-made products** and solutions in the best network and drive digitization forward with **innovative IT**, cloud and security solutions as well as **IoT and AI applications**.

Wholesale

We offer our customers access to the **best network** via **infrastructure** and **upstream services** – from the local loop to the **individual carrier solution**.

Unsere Überzeugung

**We are digital
optimists.**

Global
Brand –
Global
Vision

Unsere Mission

**T – the strongest
connection of people.**

Purpose

**We won't stop
until everyone
is connected.**

Brand Positioning

Core Belief → We are digital optimists.

Humans in their nature have always needed interaction. Our connection to others shapes and enriches our lives. But in today's world, where the fate of all individuals, businesses and societies are so interconnected, we believe that it is only through digital technology and greater connection, that we can find a way to thrive. We call this belief "Digital Optimism".

Purpose → We won't stop until everyone is connected.

Role of the Brand → T as the strongest connection of people.

We enable participation and foster mutual understanding and thus build a world of digital optimism. The strength of our networks and our expertise in human-centered digital connectivity benefit everyone and empower us to face any challenge together as a society.

Claim → Connecting your world.

Brand Personality → How do we want to be perceived?

Benefits → Collective, enables participation, enriches everyday life, inspiring

Tonality → Optimistic, vital, honest, open, eye to eye, authentic, strong, reliable

Brand Themes

→ How do we bring our brand to life?

NETWORK

We inclusively connect people and businesses to the best and most efficient network – reaching maximum results on a minimum of resource-input.

SOCIETY

We take a leading role in addressing current societal and environmental challenges. By using our digital solutions we affect positive change and create social cohesion.

EMPLOYEES

We embody the diversity, inclusivity and sustainability our brand represents. Together we build a recognized company where people like to work, pioneer new working models and promote digital competencies.

PROPOSITIONS

We relentlessly improve our products and propositions in order to far exceed our customers' expectations, simplify and enrich their everyday life and amplify their business.

CUSTOMER EXPERIENCE

We create outstanding customer experiences and focus on fairness and transparency. As a reliable companion we reward customers' loyalty in order to build trust and deepen our relationship.

Magenta Means More

Our Trademarks

**Magenta is more than just a corporate color!
This unique color became a way of living.**

More than 80% of Telekom employees are proud of their brand and are happy to be identified with it. LOVE MAGENTA allows them to celebrate their pride in their work, sometimes noisily, sometimes very subtly. Together with our strong T-logo, especially the color magenta has a very special impact.

For that reason, LOVE MAGENTA has been creating an exclusive collection of clothing and accessories since 2016 that bring our brand to life. The focus is on unique design that combines our brand elements and the Deutsche Telekom philosophy in exclusive fashion and lifestyle products.
