1 Deutsche Telekom adjusted the presentation of its cash flow statement for the first half of 2009. Net payments from entering into or canceling interest rate swaps are disclosed as cash generated from operations under net cash from operating activities. Deutsche Telekom believes that this change better reflects the economic nature of the transaction. The change has an immaterial effect on prior-year periods, hence no adjustments were made. n.a. = "not meaningful"; n.a. = "not applicable".
