The Supervisory Board adopts the following Rules of Procedure in accordance with § 11 of the Articles of Incorporation of Deutsche Telekom AG:

§ 1 General Provisions

- (1) The Supervisory Board shall carry out its tasks in accordance with statutory provisions, the Articles of Incorporation, these Rules of Procedure and supplementary resolutions passed by the Supervisory Board. All of its members shall have equal rights and duties and shall not be bound by directives or commissions.
- (2) The Supervisory Board has the task of supervising management. Furthermore, the Supervisory Board shall support management by giving advice and shall promote the objectives of the Company.
- (3) The Chair of the Supervisory Board shall regularly maintain contact with the Board of Management, in particular, with the Chair of the Board of Management, and consult with him or her on the strategy, business development and risk management of the company. The Chair of the Supervisory Board shall be informed by the Chair of the Board of Management without delay of important events that are essential for the assessment of the situation and development as well as for the management of the company. The Chair of the Supervisory Board shall then inform the Supervisory Board and, after consulting with the Deputy Chair of the Supervisory Board, shall convene a meeting, if required.
- (4) All members of the Supervisory Board are obliged to maintain secrecy on all confidential information and secrets concerning the Company, specifically on business and trade secrets, of which they have gained knowledge as a result of their activity on the Supervisory Board; this shall also apply after the termination of their office as Supervisory Board members.
- (5) Each member of the Supervisory Board shall inform the Supervisory Board of any conflict of interest, in particular, conflicts that may result from an advisory task or a board function with clients, suppliers, lenders or other business partners.

§ 2 Election of the Chair and the Deputy Chair

- (1) The Supervisory Board shall elect from among its members a Supervisory Board Chair and a Deputy Chair. The election shall be chaired by the oldest Supervisory Board member.
- (2) The term of office of the Supervisory Board Chair and Deputy Chair shall correspond to the period for which he/she has been appointed.

If the Chair or the Deputy Chair resigns prior to expiry of his/her tenure of office, the Supervisory Board shall without delay elect a new Chair or Deputy Chair for the remaining period of office to replace the Chair or Deputy Chair who has stepped down.

- (3) In the event of the Supervisory Board Chair foreseeing the likelihood of his/her being prevented from executing his/her duties, he/she shall ensure that the Deputy Chair is informed in good time and comprehensively on the tasks to be carried out. This requires close cooperation between the Chair and the Deputy Chair.

§ 3 Meetings

- (1) At least two Supervisory Board meetings each shall take place during both the first and the last six months of a calendar year.
- (2) Supervisory Board meetings shall be convened by the Chair or, if he/she is prevented, by the Deputy Chair, giving a period of notice of two weeks prior to the meeting (end of the convening period) in writing by post, fax or other telecommunications media (hereinafter "means of communication"). When calculating the period, the day of the dispatch of the notice and the day of the meeting shall not be counted. In urgent cases, the person convening the meeting may shorten the period of notice and convoke the meeting orally, by telephone or using some other means of communication.
- (3) The invitation shall state the venue, date and time of the meeting as well as the individual items on the agenda. For resolutions to be adopted outside meetings, the way of voting shall be specified.

Any amendments to the agenda shall be communicated prior to expiry of the convening period. Amendments communicated after this point in time shall be dealt with during the meeting, unless the majority of the members present object thereto.

- (4) All documents required for resolutions shall be sent to the Supervisory Board members along with the invitation, unless, by way of exception, some other procedure is advisable for particular reasons.
- (5) After consulting with the Deputy Chair, the Chair may, for an important reason, cancel or postpone a meeting convened. He/she may interrupt any meeting already in progress. If the meeting is to be interrupted for a longer period, the Supervisory Board shall decide upon a motion of a member whether it is to be continued.
- (6) The Chair shall appoint the person to take the minutes. The Chair shall also decide at his/her discretion or at the request of the Supervisory Board on the admission of experts and respondents to consultations on individual items on the agenda. The independent auditor appointed shall be admitted to deliberations on the annual financial statements. The members of the Board of Management shall take part in the meetings of the Supervisory Board, unless the Chair of the Supervisory Board decides otherwise. Upon a motion of a member, the Supervisory Board shall decide hereupon.
- (7) The Board of Management shall report to the Supervisory Board in accordance with statutory provisions. The General Committee may elaborate or specify the reporting duty in more detail. Reports to the Supervisory Board shall generally be submitted in writing, and upon request, provided to the members, unless decided otherwise by the Supervisory Board. Only in the event of particular urgency shall verbal information from the Board of Management to the Chair of the Supervisory Board be sufficient. The Chair shall inform the other members of the Supervisory Board hereof as quickly as possible.
Auditor's reports pursuant to § 170 (3) sentence 2 of the German Stock Corporation Act shall be provided to the members, unless the Supervisory Board decides to deliver such reports to the members of a committee. These reports shall be returned to the Corporation at the conclusion of a member's term of office.
- (8) Once a year, the Supervisory Board shall advise the Board of Management during the preparation of the medium-term plan, including the strategic orientation and key budgetary figures, including human resources, financial, investment and divestment planning for the following year. The Board of Management shall make its decision taking the comments of the Supervisory Board into account.

§ 4 Adoption of Resolutions

- (1) Supervisory Board resolutions shall be passed, as a rule, in meetings. The participation of individual Supervisory Board members by videoconference or telephone is the same as participation in person. Participation by videoconference or telephone shall take place only in exceptional cases and with the consent of the Chair of the Supervisory Board. The Chair shall determine the order of discussion of agenda items as well as the manner and order of voting. Resolutions on items on the agenda not announced in due time may only be passed if no member objects to such procedure. In such event, absent members shall be given the opportunity, within an appropriate period to be determined by the Chair, to object to the adoption of the resolution or to cast their vote subsequently; such resolution shall only become effective when no absent member has objected within the prescribed period.
- (2) Resolutions may also be adopted outside meetings by votes cast in writing, by telephone, via videoconferences or by e-mail using recognized methods to provide authentication and to keep unauthorized third parties from gaining knowledge of the content. The Chair shall decide freely after due assessment of the circumstances whether and how a vote is to be taken on a resolution outside meetings. In such event, the members of the Supervisory Board shall be given the opportunity, within an appropriate period to be determined by the Chair, to object to the adoption of a resolution in this way; such resolution shall become effective only if no member has objected within the prescribed period. Participation in the vote shall be deemed the same as approving the way in which the vote is taken. The voting results shall be documented in writing and the Supervisory Board members informed thereof. Resolutions adopted in such a manner shall be recorded in the minutes of the next Supervisory Board meeting.
- (3) The Supervisory Board shall constitute a quorum when at least half of the total number of members participates in the vote on a resolution in person, via videoconference or by using some means of communication. A member is also deemed to have participated in the vote when he/she abstains from voting.
- (4) On the motion of two members, the Chair may postpone the vote on individual or on all items on the agenda by four weeks at the most, if an equal number of shareholders' and employees' representatives would not participate in the vote or there is otherwise a major reason for such postponement. The Chair shall not be authorized to effect a further postponement.
- (5) Supervisory Board resolutions shall require a majority of votes cast, unless another majority is made mandatory by law. Where voting results in a tie, the Chair shall have two votes in a new vote on the same subject, if such voting again ends in a tie. The second vote may also be cast in accordance with (1) and (2) above. The Chair of the Supervisory Board shall only exercise his/her right to a second vote after being advised by the committee in charge of the matter in question.
- (6) The Chair and – in case of the Chair being prevented – the Deputy Chair shall be authorized to make, on behalf of the Supervisory Board, the declarations of intent required to implement the resolutions of the Supervisory Board and its committees and to accept statements for the Supervisory Board.

§ 5 Minutes of Meetings

- (1) Minutes shall be taken at the meeting of the Supervisory Board and its committees; these minutes shall be signed by the meeting's chair. Each member shall receive a copy of the minutes of the meeting. The content of the minutes of the meeting shall be approved at the subsequent Supervisory Board meeting.
- (2) The minutes shall specify the place and date of the meeting, the names of the persons taking part, the items on the agenda, the essential contents of the proceedings and the resolutions of the Supervisory Board.
- (3) If different opinions are expressed in the Supervisory Board on individual items on the agenda, the minutes shall be formulated in such a way that the depiction of the essential contents of the proceedings reflects this fact.

Each Supervisory Board member shall have the right to request the recording of any objection to a resolution of the Supervisory Board.
