This shall also apply, in principle, to former employees of the Deutsche Telekom Group for a period of 15 months from the termination of their employment, if they have received severance payment in connection with termination of employment. If Customer's specialist unit affected thereby has not already issued a written exclusion in advance in the specific instance, a general deployment ban shall exist in addition – regardless of the type of employment on which this is based – for employees of the Deutsche Telekom Group working directly or indirectly for Contractor, who are borrowed or were otherwise taken over or are employed by Contractor or a third party (e.g., by dispatch, assignment or granting leave, etc.) exclusively or essentially with the goal of using these persons to provide services for the Deutsche Telekom Group.
- (2) Against this background, Contractor, in turn, shall undertake to ensure that in providing its service to Customer, the retired civil servants stated in subsection 1 or personnel as defined by subsection 1, sentence 3, shall not be deployed as employees or temporary workers or as subcontracted work or service providers or in any other way, and none of the former employees specified in subsection 1 are deployed as subcontracted work or service providers or as temporary workers lent to units of the Deutsche Telekom Group.
- (3) If Contractor violates the provisions of this section Customer shall be entitled to terminate the agreement for good cause. Customer also expressly reserves the right to assert damage claims due to such violation.

- (1) The payment period shall be 60 days net. The payment period shall commence on the first day after receipt of the verifiable invoice which meets the requirements of this section and of article L 441-3 of French Commercial Code, but not before performance/acceptance of the service.
In case of late payment the Customer shall pay an interest rate of three (3) times the legal interest rate prescribed by French laws.

- (3) The liability for value-added tax shall pass to Customer if Contractor is not a French company and the services or sales performed under a contract for work and materials by Contractor are taxable in France. In such a case, Contractor shall not itemize French value-added tax in the invoice. If Contractor brings items from a third country to France in order to provide the aforementioned services or work and if in this connection turnover taxes on imports are levied, these taxes shall be borne by Contractor.
